

## FROM CHICAGO, VERACRUZ, AND MICHOACAN

I grew up in Chicago, Illinois, and Xalapa, Veracruz. In the 6th grade I moved to Mexico and spent 7 years there. While each year was spent feeling homesick, I learned a lot about the mexican culture and langauge. At age 19 I came back to the USA and got my bachelor's degree in architecture at the Illinois Institute of Chicago. I worked at one architecture firm before I decided to take a part time job and work on my art as a side hustle.
